## Fruit Trees for 2017

### Almond - Dwarf

<p><b>Almond 'Garden Prince - Dwarf'</b> Beautiful pink spring blossom develops into medium sized sweet nuts enclosed in soft, well sealed shells. Grows to a maximum height of 1-1.5m and spread of 1-2m. A low chill variety. A delightful little tree which is both highly ornamental and very productive. The perfect little tree for a special place in the home garden or used as a container specimen.</p>	
---	--

### Almond

<p><b>Almond 'All In One'</b> Heavy crops of soft shell nuts with sweet, flavourful kernels. Hot summer needed to ripen nuts. Can tolerate warmer climates. Self Fertile.</p>	
---	--

<p><b>Almond 'Self Fertile'</b> A self fertile selection that produces large soft shelled nuts. Almonds are quite hardy but as they blossom in winter they should be in a sheltered position.</p>	
---	--

### Apples - Classic

<p><b>Apple 'Braeburn'</b> Usually eaten as a light olive green apple overlaid with striped muted red. This apple is crisp, sweet, and has very good flavour. Late Season. Grafted on semi dwarf mm106 stock.</p>	
---	--

<p><b>Apple 'Cox's Orange'</b> Medium sized deep yellow striped, streaked, and splashed with red apple is regarded as the finest 'English style' apple there is. Juicy, tender, yellow flesh. Mid season. Grafted on semi dwarf mm106 stock.</p>	Limited Numbers
--	-----------------

<p><b>Apple 'Fuji'</b> Large, sweet, and crisp apple. Heavy crops of green/yellow skin fruit with pink stripes. Late season. Grafted on semi dwarf mm106 stock.</p>	Limited Numbers
---	-----------------

<p><b>Apple 'Gala'</b> Firm, sweet, and crisp. Crimson stripes over yellowish green skin. Thinner skin than most apples. Early - mid season. Grafted on semi dwarf mm106 stock.</p>	Limited Numbers
---	-----------------

PH: (06) 755 2487 • Fax: (06) 755 1007 • 1217 Devon Rd. New Plymouth • Email: [info@bigjims.co.nz](mailto:info@bigjims.co.nz)

<b>Apple 'Golden Delicious'</b> Juicy, sweet, honeyed, and excellent. Highly productive tree. Fruit medium sized, clear yellow, sometimes lightly russeted. Mid - late season. Grafted on semi dwarf mm106 stock.	Limited Numbers
<b>Apple 'Granny Smith'</b> Large crisp, white fleshed green apple. Flavour is tart, becoming very sweet if tree ripened. Upright vigorous tree producing a heavy and regular crop. Late season. Grafted on semi dwarf mm106 or m26 stock.	
<b>Apple 'Harmonie'</b> A beautiful red French apple washed in yellow gold. Firm crisp, juicy and sweet flesh. Late season. Grafted on semi dwarf m26 stock.	Limited Numbers
<b>Apple 'Kidds Orange'</b> Cross between Cox's Orange and Delicious. The skin is orange, overlaid and streaked with red. The flavour is complex and rich. Grafted on semi dwarf mm106 stock.	Limited Numbers
<b>Apple 'Liberty'</b> Medium to large, dark red over green skin. Very white flesh, crisp, juicy and tender. Mid season. Grafted on semi dwarf m26 stock.	Limited Numbers
<b>Apple 'Red Delicious'</b> Conical, deep red fruit. Tough skinned, juicy, rather coarse textured. Late season. Grafted on semi dwarf mm106 stock.	Limited Numbers
<b>Apple 'Royal Gala'</b> Crisp and sweet, juicy reddish green fruit. Heavy cropping, but smallish sized fruit. Early season. Grafted on semi dwarf mm106 stock.	Limited Numbers
<b>Apple 'Splendor'</b> Delicious, large, pinkie red apple with crisp, breaking, white flesh. Sweet fruit with good flavour. Late season. Grafted on semi dwarf mm106 stock.	Limited Numbers
<b>Apple 'Sweet and Sour Candy'</b> A modern disease resistant apple. Good size apple with yellow skin, almost completely overlaid with red and crimson flush. The flesh is crisp and cream coloured. Grafted on semi dwarf m26 stock.	

## Apples - Classic Dwarf

<p><b>Apple 'Braeburn' Dwarf</b></p> <p>Usually eaten as a light olive green apple overlaid with striped muted red. This apple is crisp, sweet, and has very good flavour. Late Season. Grafted on dwarf m27 stock.</p>	Limited Numbers

<p><b>Apple 'Fuji' Dwarf</b></p> <p>Large, sweet, and crisp apple. Heavy crops of green/yellow skin fruit with pink stripes. Late season. Grafted on dwarf m27 stock.</p>	Limited Numbers
<p><b>Apple 'Gala' Dwarf</b></p> <p>Firm, sweet, and crisp. Crimson stripes over yellowish green skin. Thinner skin than most apples. Early - mid season. Grafted on dwarf m27 stock.</p>	Limited Numbers
<p><b>Apple 'Golden Delicious' Dwarf</b></p> <p>Juicy, sweet, honeyed, and excellent. Highly productive tree. Fruit medium sized, clear yellow, sometimes lightly russeted. Mid - late season. Grafted on dwarf m27 stock.</p>	
<p><b>Apple 'Granny Smith' Dwarf</b></p> <p>Large crisp, white fleshed green apple. Flavour is tart, becoming very sweet if tree ripened. Upright vigorous tree producing a heavy and regular crop. Late season. Grafted on semi dwarf m27 stock.</p>	
<p><b>Apple 'Kidds Orange' Dwarf</b></p> <p>Cross between Cox's Orange and Delicious. The skin is orange, overlaid and streaked with red. The flavour is complex and rich. Grafted on dwarf m27 stock.</p>	Limited Numbers
<p><b>Apple 'Red Delicious' Dwarf</b></p> <p>Conical, deep red fruit. Tough skinned, juicy, rather coarse textured. Late season. Grafted on dwarf m27 stock.</p>	
<p><b>Apple 'Royal Gala' Dwarf</b></p> <p>Crisp and sweet, juicy reddish green fruit. Heavy cropping, but smallish sized fruit. Early season. Grafted on dwarf m27 stock.</p>	Limited Numbers

PH: (06) 755 2487 • Fax: (06) 755 1007 • 1217 Devon Rd, New Plymouth • Email: [info@bigjims.co.nz](mailto:info@bigjims.co.nz)

<b>Apple 'Splendor' Dwarf</b> Delicious, large, pinkie red apple with crisp, breaking, white flesh. Sweet fruit with good flavour. Late season. Grafted on dwarf m27 stock.	Limited Numbers
--	-----------------

## Apples - Heritage

<b>Apple '20 oz' Heritage</b> Heritage. Yellow skin striped red and firm juicy flesh with a tart taste. Ripens in early autumn. Tip Bearer. This apple produces flowers and fruit on the ends of its branches i.e. branch tips. Be mindful of this when pruning. Grafted on semi dwarf mm106	
<b>Apple 'Akane' Heritage</b> Heritage. A very early eating bright red apple with white crisp flesh and sprightly flavour. Superior disease resistance. Ideal home gardens. Grafted on semi dwarf m26 stock.	
<b>Apple 'Bramley's Seedling' Heritage</b> Heritage. Medium to large size. The fruit is round and has a distinctive conical shape. It has a firm, tart flesh with a good flavour and is sweet with plenty of juice. Keeps very well. Tip and spur bearing mid to late season. Triploid variety. Grafted on semi dwarf mm106 stock.	
<b>Apple 'Captain Kidd' Heritage</b> Heritage. Sweet, tangy & very crisp. Dark green with red stripe. Good disease resistance. Mid Season. Grafted on semi dwarf mm106 stock.	
<b>Apple 'Gravenstein' Heritage</b> Heritage. Apples are green to yellow undertones and are covered in dense red and orange striping. Its crisp flesh is creamy white and rich with juice. Highly aromatic, offers a classic sweet-tart apple flavour with nuances of honey. Grafted on semi dwarf mm106 stock	
<b>Apple 'Golden Reinette' Heritage</b> Attractive yellow skin flushed and streaked red, partly covered and dotted with russet. Yellow deep cream flesh, compact, crisp to crumbling. Mid Season. Grafted on semi dwarf mm106 stock.	
<b>Apple 'Monty's Surprise' Heritage</b> A crisp, good eating late ripening apple that also cooks well. Fruit can be very large on a vigorous, high health tree. Fruit shiny red over light green background. Grafted on semi dwarf mm106 stock.	

PH: (06) 755 2487 • Fax: (06) 755 1007 • 1217 Devon Rd, New Plymouth • Email: [info@bigjims.co.nz](mailto:info@bigjims.co.nz)

<b>Apple 'Prima' Heritage</b> Heritage. Disease resistant variety with great crops of dark red apples with firm, creamy, juicy flesh. Grafted on semi dwarf mm26 stock.	
<b>Apple 'Priscilla' Heritage</b> Light yellow with a dark red blush. Crisp and juicy. Dessert. Early to Mid Season. Grafted on semi dwarf mm106 stock.	
<b>Apple 'Reinette Du Canada' Heritage</b> Heritage. Medium sized dessert apple. Pale green covered with a brown russet. Creamy white flesh. Late season. Grafted on semi dwarf mm106 stock.	
<b>Apple 'Sturmer' Heritage</b> Heritage. Bronze over green skinned apple. Excellent dessert and cooking apple. Small tree that spurs heavily. Late season. Grafted on semi dwarf mm106 stock or M9.	

## Apples - Heritage Dwarf

<b>Apple 'Monty's Surprise' Heritage Dwarf</b> A crisp, good eating late ripening apple that also cooks well. Fruit can be very large on a vigorous, high health tree. Fruit shiny red over light green background. Grafted on dwarf m27 stock.	
--	--

## Apples - Columnar

<b>Apple 'Crimson Spire'</b> Columnar apple. Producing excellent crops of dark red fruit with crisp, tangy, white flesh. Ideal for pots.	
<b>Apple 'Scarlet Spire'</b> Columnar apple. Scarlet fruit with crisp and juicy flesh. Excellent flavour with a slight tang. Ideal for small space or containers.	Limited Numbers

PH: (06) 755 2487 • Fax: (06) 755 1007 • 1217 Devon Rd. New Plymouth • Email: info@bigjims.co.nz

## Apples - Dual

<p><b>Apple 'Braeburn' &amp; Apple 'Royal Gala'</b>  Double Grafted Apple - Braeburn - Usually eaten as a light olive green apple overlaid with striped muted red. This apple is crisp, sweet, and has very good flavour. Late Season. Royal Gala - Crisp and sweet, juicy reddish green fruit. Heavy cropping, but smallish sized fruit. Early season. Grafted on semi dwarf mm106 stock.</p>	
--	--

## Apricots

<p><b>Apricot 'Fitzroy'</b>  Bred in Taranaki this Apricot has consistent crops of medium sized golden fruit that ripen around February. The fruit are sweet and juicy and the tree is self fertile. Happiest in the sun with good drainage. Deciduous.</p>	
<p><b>Apricot 'Garden Annie'</b>  The golden yellow fruits are a good size and taste delicious, very sweet and juicy. Copes well with warmer climates. Self-fertile.</p>	
<p><b>Apricot 'Royal Rosa'</b>  Very sweet, increasing with maturity. Orange medium sized fruit with a red blush. Self Fertile. Heavy cropper.</p>	
<p><b>Apricot 'Solar Perfection'</b>  An exciting early fruiting apricot with strong orange colour and good size. Fruit has fine texture and juicy flesh of excellent eating quality. Great crops from an early age. Low chill requirement. Self fertile.</p>	
<p><b>Apricot 'Sun Drop'</b>  Large orange fruit. Sweet &amp; juicy. A very good cropper. Self Fertile, but does crop better when pollinated with Trevatt.</p>	
<p><b>Apricot 'Trevatt'</b>  Sweet flavoured golden yellow fleshed fruit. Suitable for drying or bottling. Self Fertile. Strong, heavy bearer.</p>	

## Cherry

<p><b>Cherry 'Compact Stella'</b> Heavy and regular bearer of large dark red fruit with firm light red flesh. Self Fertile and one of the best known sweet cherries. Grows to around 3m</p>	
<p><b>Cherry 'Tangshi'</b> Pink fruiting cherry with upright habit, forms smallish rounded tree. Low chill requirement. Self Fertile. Ripens late October - November.</p>	

## Currants

<p><b>Currant 'Gloria de Versailles'</b> Vigorous, upright grower. Excellent crops in mid season (late December - February) of large red berries on good size trusses.</p>	
<p><b>Currant 'Magnus'</b> Sprigs of shiny black round, juicy berries and fruit is borne in late December to February. Black Currants generally fruit on wood formed in the last 12 months.</p>	

## Fig

<p><b>Fig 'Brown Turkey'</b> An exceptional hardy form yielding large crops of medium size fruit with purplish-brown skin. Richly flavoured, delicious eaten fresh from the tree, or used in desserts. Prune if required to limit tree size. Prefers a warm sunny position and is frost tolerant.</p>	
<p><b>Fig 'Brunoro Black'</b> Dark skinned with red flesh smallish sweet fruit. Will produce two crops in warmer areas. Prune if required to limit tree size. Prefers a warm sunny position and is frost tolerant.</p>	
<p><b>Fig 'Mrs Williams'</b> Dark fruit with light amber to rich red flesh. Large fruit produced early in season. Prune if required to limit tree size. Prefers a warm sunny position and is frost tolerant.</p>	

**Fig 'Panache'**

Also known as the Tiger fig. Striped and stippled green and yellow fruit. Crimson flesh. Needs a long, warm growing season. Ripens late, so not suitable for cold climates.

**Fig 'Vlassoff'**

Honey Figs'. Large round fruit which turn purple to black when mature with a succulent red flesh. The skin colour need direct sunlight to develop properly. Produces both an early crop and in warm districts a late crop in April - May.

## Gooseberry

**Gooseberry 'Invicta'**

A mildew resistant very heavy bearing selection. An easy to grow winner for the organic garden. Large, flavourful green fruit that hang in heavy clusters down the length of the branch. A well shaped but vigorous bush. Fruit is excellent for pies, jam or freezing.

**Gooseberry 'Pax'**

A well shaped, slightly bristly bushy, with dark red fruit when fully ripe. Good eating. The plants are very vigorous and spreading but can be shaped up by pruning. Produces occasional spines on young wood, but at maturity is virtually spineless.

## Grapes

**Grape 'Albany Surprise'**

Heavy cropper in mid to late season with medium sized bunches of large, juicy, aromatic and spicy berries with a jelly texture. Hardy and disease resistant.

**Grape 'Canadice'**

Moderately fast growing. Large deeply lobed leaves. Self-fertile. Producing small green flowers borne on current seasons growth followed by red seedless fruit. Hardy and disease resistant.

**Grape 'Iona'**

Sweet, green with purplish tinge. Very adaptable and reliable. Hardy and healthy. Mid Season.

PH: (06) 755 2487 • Fax: (06) 755 1007 • 1217 Devon Rd, New Plymouth • Email: info@bigjims.co.nz

<b>Grape 'Moore's Diamond'</b> White flesh and skin. Matures mid March. Hardy, good quality variety.	
<b>Grape 'Niagra'</b> Popular green gold, sweet, juicy grape with sharp, tangy flavour. Vigorous and very healthy grower bearing large clusters of fruit in mid season.	
<b>Grape 'Robinson'</b> Sweet flavour Black Hamburg type. Good cropper and fruits twice. Vigorous and healthy grower.	
<b>Grape 'Schuyler'</b> Jet Black medium sized bunches. Matures early season. Regular heavy cropper.	
<b>Grape 'Urbana'</b> Sweet, jelly textured. Cherry red berries. Late season maturing. Vigorous and disease resistant.	

## Hazelnut

<b>Hazelnut 'Barcelona'</b> Very good multi-use variety. Large, round, fine flavoured nut. Prolific bearer and vigorous grower. High yields. Pollinate with Merveille de Bolwillier.	
<b>Hazelnut 'Ennis'</b> Jumbo Nut, high yielding. The tree is moderately vigorous and has few suckers and is an abundant cropper. The shell is moderately firm and light brown with pronounced darker-coloured stripes. Nuts are large and attractive. Pollinate with Merveille de Bolwillier.	Limited Numbers
<b>Hazelnut 'Merveille de Bolwillier'</b> Higher sought after later pollinator but also produces quality large nuts on vigorous growing plant.	
<b>Hazelnut 'Whiteheart'</b> Smaller nuts, suitable for processing, High Crackout. Reliable. Pollinate with Merveille de Bolwillier.	

## Medlar

### **Medlar**

Highly ornamental smaller tree that has been grown for its edible fruit. The distinctive brown fruit have rough textured skin. Allow fruit to remain on tree as long as possible. Medlars can be eaten raw or cooked.

## Nashi

### **Nashi 'Housii'**

A very large, juicy, sweet, low acid, bronze skinned fruit. Partially Self Fertile however will benefit from pollinating with 'Nijisseiki'

### **Nashi 'Nijisseiki'**

Reliable performer. Fruit is good size with greenish smooth skin. Flesh is white, firm, crisp, very juicy and sweet with a refreshing tartness. Self Fertile.

### **Nashi 'Reddy Robin'**

NZ bred cross between an Asian Nashi pear and a European pear. They look and taste like an apple but they are sweeter and juicier and have the complex flavour of the best pear. Growing these Reddy Robins are just like growing pear trees.

PH: (06) 755 2487 • Fax: (06) 755 1007 • 1217 Devon Rd, New Plymouth • Email: info@bigjims.co.nz

## Nectarine - Dwarf

### **Nectarine 'Flavourzee' - Dwarf 40 cm Standard**

Dwarf. Yellow fleshed fruit of good size and eating quality. Forms a compact bushy habit. Self Fertile.

### **Nectarine 'Flavourzee' - Dwarf 60 cm Standard**

Dwarf. Yellow fleshed fruit of good size and eating quality. Forms a compact bushy habit. Self Fertile.

### **Nectarine 'Garden Delight' - Dwarf 40 cm Standard**

Dwarf. Large, freestone, yellow skin blushed with red, and the pulp has a sweet, orange-like flavour. Self Fertile.

### **Nectarine 'Garden Delight' - Dwarf 60 cm Standard**

Dwarf. Large, freestone, yellow skin blushed with red, and the pulp has a sweet, orange-like flavour. Self Fertile.

### **Nectarine 'Nectar Babe' - Dwarf 40 cm Standard**
